

Important Announcement from ThePUMPPrograms

Greetings,

Willis Programs is pleased to announce that **ThePUMPPrograms** are partnering with QBE the Americas. We are confident that the change of carriers will improve both service and product offering.

The change will be effective January 1, 2012 for new business and February 1, 2012 for renewals. Since there will be changes in the actual forms and endorsements, it will be necessary for us to send out non-renewal notices as required. We fully expect to offer terms and conditions to all qualified accounts. Our underwriting criteria has not changed, therefore all previously eligible accounts will remain so.

We want all of our producers to know that we will continue to offer the finest coverage and service available in the market today to your petroleum industry accounts. We will also continue with the same loss prevention, spill response and underwriting teams.

For any additional questions please feel free to call your PUMP Programs underwriter.

Sincerely,

ThePUMPPrograms Team
